Date: August 5, 2010

A final walk through of the Queens Creek area on the Allegheny National Forest with participants of the 2010 peaceful assembly and representatives of the US Forest Service was conducted on July 27, 2010. The purpose of the walk through was to determine whether conditions of the mutually agreed to Operating Plan for the 2010 peaceful assembly (dated June 28, 2010) were met.

Conditions and objectives as outlined in the operating plan were met. Participants did a good job fulfilling the site rehabilitation needs and continued to work cooperatively with representatives of the US Forest Service.

We thank you and appreciate the cooperation and rehabilitation work completed.

Sincerely,

LEANNE M. MARTEN  
Forest Supervisor
