Please protect this Beautiful Land. Walk softly. Harm no living thing. Harmonize - Blend in. Use only down, dead wood. Cut no living trees. Preserve the Meadows...camp in the Woods. We are caretakers of this land. Everyone sharing makes a strong Human Tribe!

Please Protect the Water Sources by staying out of DELICATE spring areas. Avoid camping, peeing, washing above spring areas. Keep ALL soap out of streams, springs or the creek (even biodegradable soap)! Use a bucket to take your bath 60 feet away from the water source. To be certain of drinking water: boil it! Use the slit trenches or covered latrines - cover your paper & waste with ashes or lime, wash hands. Break the fly/illness connection: shit-fly-food-you! Dig no shitters near water areas or kitchens.

Protect our Health! Use your own cup, bowl & spoon! Wash them after eating and rinse in bleach-water. Visit C.A.L.M./M.A.S.H. if you feel ill - especially if you have a contagious disease - or are injured. Camp Together - Establish neighborhoods. Community Fires only! ~ Each with 5 gallon water bucket and shovel for Fire Protection. If you are the last to leave a fire PUT IT OUT! Watch your gear: Be Responsible ~ "Tempt Not Lest Ye Be Lifted From." Pets are discouraged but if you must bring them keep them fed, on a leash and out of the kitchens, springs & fights. Clean up their poop. Love them.

PACK IT IN - PACK IT OUT !!!

Cleanup begins when you arrive. Bring in only what is necessary. There is no janitor here...you are the cleanup crew. Separate Garbage for recycling. Don't litter - Find collection point. Compost in pits only.

You are the Gathering! Participate in Shanti Sena, the peace keepers council, and all activities, councils, work crews, workshops. Volunteer wherever needed: kitchens, welcome home, firewatch, parking lot, shitter digging, supply, front gate, etc. R-E-S-P-E-C-T your Sisters & Brothers energies. Keep the Balance: Earth, Sky, Trees, Water & People!

Alcohol is Discouraged, Guns are Inappropriate, Violence is contrary to the Spirit. Please take no photographs or videos of people without permission. Discourage Drug Abuse.

Buying and selling endangers our legal right to be here. The Magic Hat is our Bank, donate early to fund our Needs. The Magic Hat goes around at mealtime circles and with the Magic Hat Band.

Rap 701 In preparation for leaving....

Pack up all your trash and bring to the appropriate recycling areas on the road. Dismantle and disappear your encampment. Vanish ALL traces. Firerocks scattered, ashes cold out and buried, pits filled in. Latrines and compost holes covered over. String and twine get removed from tree limbs. Hardened ground gets aerated with tools for future root growth and moisture catch. All litter is picked up. Help with recycling. Where everyone helps, the effort is easy. When an area is clear and clean, then NATURALIZE! Scatter logs, branches, leaves, duff to disappear trails and camps and renew forest habitat. H2O systems and latrine tops are removed and cleaned for the next time. In parking areas help disabled vehicles and fully dismantle ramps and bridges. Steep places are water-barred to prevent erosion. The final crew reseeds appropriate seed to renew vegetation and complete process.

Transport as many riders as possible to aid our travels. Treat local folks with great kindness. They have been kind to us. Drive safely and share this love wherever you go.

Our power together is many times our power separated.

Enjoy the Rainbow with an open heart and you Will see the Vision. Join us for July 4th Silent Contemplation & Prayer for Peace, respect those maintaining silence from dawn. Hold the silence until the arrival of the Children's Parade.

Be prepared for very cold nights and sunny days. Bring extra warm gear for those who didn't bring enough. Last time we were in Utah, it snowed for 3 days starting from the Solstice. Be prepared and look out of the health and safety for those who are unprepared.

Please copy and distribute freely. Ignore all rumors of cancellation.

WE LOVE YOU!!!!

Directions to the 2014 Rainbow Gathering in Utah in the Uinta National Forest –

All roads are of good quality, wide and gravel but very busy - BE AWARE. There are many other recreational users such as trucks pulling heavy trailer, many off road vehicles, and local traffic. The gravel roads can be very, very DUSTY making visibility difficult. Please be safe, take it slow, watch for traffic and wildlife.

FROM POINTS SOUTH OF SALT LAKE CITY: From Interstate 15 South of Salt Lake City Exit Hwy 189 North at the south end of Provo Utah. Drive approximately 27 miles north to Heber City. Or use directions from SLC.

From Points East of Salt Lake City: From Interstate 80 east of Salt Lake City, take the Park City /US-40 East/US-189 South exit and drive south approximately 16 miles to Heber City. Or follow directions from Salt Lake City

FROM HEBER CITY, Utah via **US Hwy 40** and **Center Street/Lake Creek Road**:

Head east at intersection of Main St. (**US Hwy 40**) and **Center Street/Lake Creek Road**. Travel east for 15 miles on a paved road until you reach the Uinta Forest Service boundary. At the FS boundary, the road turns to gravel and becomes Forest Service Road 083 (**FS 83**). Follow **FS 83** about 2.55 miles to an intersection (the T) where **FS 83** and **FS 54** meet. Bear left onto **FS 54** travel less than 1/2 mile to **FS 901** on the right Turn correct way on FS901.

Best Route for Buses from Heber City, Utah: Off **US Hwy 40** north of town take **State Road 32** towards Jordanelle State Park. Then pick up **SR 35** in **Francis, UT** and go east about 15 miles on **SR 35**. Right after mile marker 15, look for Forest Service Road 054 (**FS 54**) on the right towards **Mill Hollow Reservoir**. *This gravel road around the reservoir and campground can be congested and can be dusty.* Drive about 13 miles and look for **FS 901** (*Google Maps shows it as 26*) on the left. Welcome HOME! If you come to the intersection of FS 83 and 54, you have gone too far – go back on FS 54 about 1/2 mile. (Probably the faster route). *****OR*****

FROM SALT LAKE CITY via Interstate 80 and State Road 32 (Kamas, UT) and State Road 35 (Hanna, UT) – less congestion: **Route 35** (SR 35) comes in from the north and is good for drivers that don't need to shop and want to avoid traffic. Total mileage is about 35 miles; it is about 15 miles once you are on SR 35.

From 80: Head towards **Kamas** on **SR 32**. Pick up **SR 35** in **Frances, UT** and go east about 14 miles on **SR 35**. Look for Forest Service Road 054 (**FS 54**) on the right towards **Mill Hollow Reservoir**. *This gravel road around the reservoir and campground can be congested and can be dusty.* Drive about 13 miles and look for **FS 901** on the left. Welcome HOME! If you come to the intersection of FS 83 and 54, you have gone too far – go back on FS 54 about 1/2 mile. *****OR*****

FROM FRUITLAND, UT (just west of Fruitland 4 miles or so) via **US Hwy 40** –**probably most congested route into gathering:**

At **mile marker 58 on US Hwy 40**, head north onto **Currant Creek Road**. *Be aware of this turn, it is a sharp turn and there is often heavy traffic and it is known for wrecks.* Follow **Currant Creek Road** through state wildlife and private land to the Uinta National Forest boundary about 8 miles where it becomes **Forest Service Road 471 (FS 471)**. **BE AWARE** can be very dusty. **Stay on FS 471** about 14 miles around the Currant Creek Reservoir but not into the campground, pass by the campground fork and bear right onto **FS 82**. Go up the hill to the intersection bear right at the "T" and take a right onto **FS 83**; go about 8 miles to the next intersection of **FS 83 and FS 54**. Take right onto **FS 54**; travel less than 1/2 mile to **FS 901** on the right. Welcome Home!
